We miss their very much, as they have become in a sense members of our family—their handwriting is familiar, and their letters the same as a personal visit—but we haven't the nerve to ask anyone to write a line while this weather continues.

OBITUARY.

On the evening of June 24, the death angel visited the home of Mr. and Mrs. W. F. Shanks and claimed their little daughter, Minnie May, aged 1 year and 1 month. Minnie was a sweet little babe, loved by all. The little one suffered for sixteen days, when she was loved by death. It is hard to part with our loved ones, and yet we must bow to the will of God, knowing that He doeth all things well.

She leaves a father, mother, brother, and sister, a host of relatives and friends to mourn their loss, and also we miss her very much, God in his wisdom knows best. The little body was laid to rest in the Crader cemetery, to await the sounding of the last trumpet, when the dead in Christ shall rise.

I will say to the bereaved ones, dry your tears and cease to sorrow, for she has gone home to live with God, where there will be no more sorrow nor pain. May we so live that when she comes we will make an unbroken family around the throne of God. A FRIEND.

Missouri National Guard.
We are informed that the necessary preparation for the completion of the Sixth regiment of national guard is about finished, in fact will be before the brigade encampment at St. Joseph, Mo., from the 11th to the 17th of August. Great interest is manifested among the officers of the Sixth, and a strenuous effort is being made to make the coming encampment the best in the history of the Sixth battalion.

In addition to the four original companies the Sixth will have this year: Company M, of Fredericktown; Company H, of Perryville, and company K, transferred from the Second regiment at West Plains, with companies now being organized at Farmington and Hillsboro.

Too much can not be said through the press in commendation of such a movement, and the officers of the Sixth regiment certainly deserve great credit for their ceaseless and untiring effort toward the completion of an organization that will bring both credit and honor to south-west Missouri.

ACT QUICKLY.

DELAY HAS BEEN DANGEROUS IN MARBLE HILL.

Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cure all distressing, dangerous kidney ills.

Plenty of evidence to prove this. William Billings, stationary engineer, Main street, Lutesville, Mo., says: "My trouble is of twelve or fourteen years standing and to relate what I have suffered in that time would fill a book. There was a disordered condition of the kidney secretions, being at times almost complete retention, and when the passages were made I experienced a great deal of pain. My back was very lame and sore and I decorated with one physician for over a year, but received very little benefit from his medicines. After using a number of doctors' prescriptions for so long a time I finally got discouraged and, reading advertisements telling of the good results obtained from the use of Doan's Kidney Pills in this vicinity, I decided to give the remedy a trial, and got a bot. I took them as directed and found great relief from the first. I continued taking them until the secretions began to act freely and the pains across my back had disappeared. I am very thankful for the great relief Doan's Kidney Pills gave me and give them my hearty endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
